Consignment Information and Terms Models held in House by Bossen Implement

General

Consigner delivers to Bossen Implement, Inc. all models for consignment. If the models are shipped the cost of shipping is the Consigner's responsibility. BI will display your models in our Retail Store and list them on our website. BI will insure your models while they are in the possession of BI.

Shipping

Shipping to the buyer is the responsibility of BI and the cost of shipping will be charged to the buyer.

Fees

Our fee structure is simple compared to many of the auctions sites. We charge \$.99 per item to list it on our website initially. This fee is waived if the item is listed on our site and kept at our Retail Store for a minimum of six months or until sold by Bossen Implement, Inc. All website listings and Retail Store displays are treated equally with our own products. Thirty percent is deducted from the selling price and the balance is paid monthly. If your item retails for over \$1000 BI's commission will be twenty percent.

Items on Hand Report

The Items On Hand report contains a list of items that we are currently showing as on hand at BI. BI will send you this report upon completion of listing all models on the website. BI will also send this report to you annually. You need to review it and confirm that there are not any items missing from the listing.

Sales Summary Report

This is a summary of all your sales that have occurred since your last payment and will be sent each time you receive a payment based on sales activity on your account. BOSSEN IMPLEMENT, INC. sends out checks on the 25th of every month, or the Monday following if the 25th falls on a weekend.

Canceling Listings

Should you need to close your Bossen Implement, Inc. listing or alter some details of that listing, you can do so at any time. To alter or end your listing, contact BI at consign@bossenimp.com and give your account name or number and identify the item you want to make changes on and the changes you would like to make. These changes will be made on the web site within two business days of the requested change. You are welcome to end a listing at any time up until it is purchased. If you close a listing prior to six months of listing, the original listing fee of 99 cents per item will be due and payable, or it will be subtracted from your final payment from BI. You may alter the price of your item at any time prior to the sale of the item. If BI ships your items back to you, the shipping will be due and payable or it will be subtracted from your final payment from BI.

Returns

If one of your models is returned to us from the buyer, we will relist the item and charge you the commission paid on this model. If the model returned can not be relisted, BI will contact the freight company and place a damage claim.
